

IonPolarization System

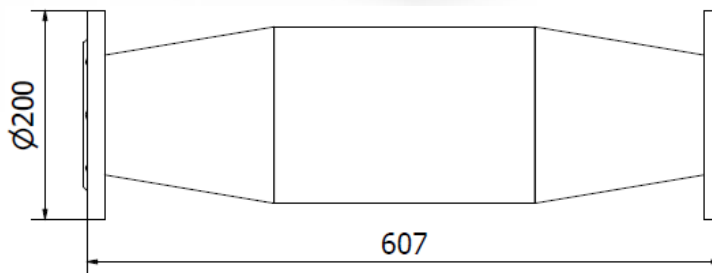

Swiss Aqua Technologies

Technical datasheet IPS Industry DN80 BlueLine

Technical specifications

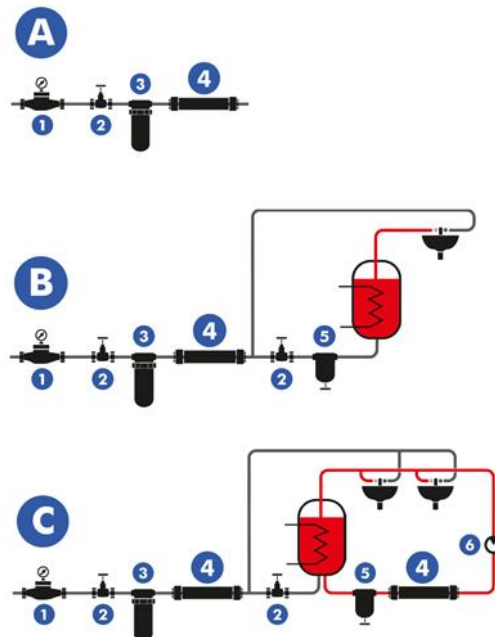

Dimensions	
Connection	DN65 (EN 1092-1)
Length	607 mm
Main parameters	
Weight	19,5 kg
Max. pressure	1 Mpa / 10 bar
Max. flow rate	24m ³ /hour

Connection diagram

Legend	
A	Installation into the main water supply pipe of building (e.g. flat)
B	Installation into the water supply system with water heater without circulation of hot water (e.g. family house)
C	Installation into the water supply system with water heater and circulation of hot water (e.g. flat house)
1	Water meter
2	Stop valve
3	Mechanical water filter
4	IPS Industry TGP
5	Deslugger
6	Circulation water pump

Warning: Follow right FLOW DIRECTION !

Technický list IPS Industry DN80 BlueLine

Technický popis

Rozmery	
Pripojenie	DN65 (EN 1092-1)
Dĺžka	607 mm
Základné parametre	
Hmotnosť	19,5 kg
Max. tlak	1 Mpa / 10 bar
Max. prietok	24 m ³ /hod

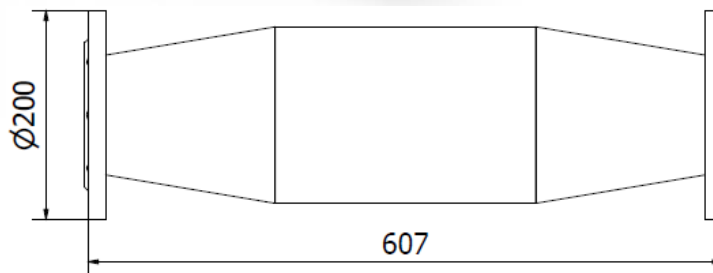

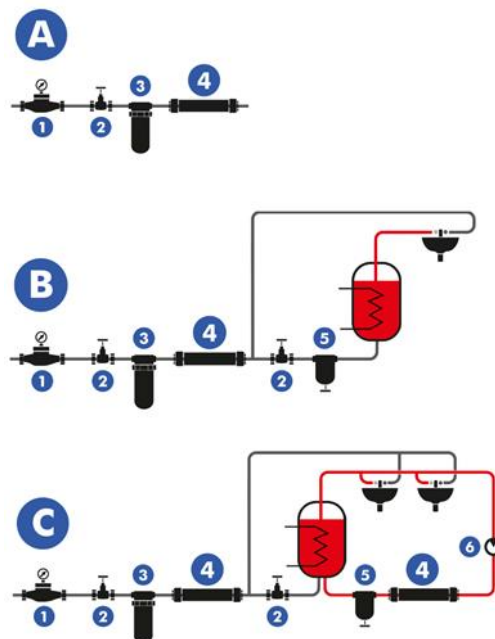

Schéma zapojenia

Legenda	
A	Inštalácia do hlavného prívodného potrubia
B	Inštalácia do rozvodného systému s ohrievačom vody bez cirkulácie
C	Inštalácia do rozvodného systému s ohrievačom vody s cirkuláciou
1	Vodomer
2	Uzatvárací ventil
3	Filter na mechanické nečistoty
4	IPS Industry
5	Odkalovač
6	Obehové čerpadlo

Upozornenie: Dodržujte predpísaný smer prúdenia ! (FLOW DIRECTION)
